Continuation of Substance of Interview including description of the general nature of what was discussed: Claim 1 recites the limitation "the net update" in line 15, and claim 10 recites the limitation "the net update" in line 8. This limitation lacks antecedent basis. Applicant indicated that "the net update" recited in claim 1, lines 15 and 17; claim 10, line 8; and claim 11, line 3, should be changed to "the net\_update bit" as previously recited in the respective claims and/or base claims. Also, Applicant indicated that claim 10 should be amended to overcome informal omissions and/or typographical errors in lines 7 and 8. The Examiner will amend claims 1, 10 and 11 in accordance with Applicant's instructions. This interview did not directly result in the allowance of the application, as the prior art search must be updated.
